

A COURT FOR YOUR HOME,

AN INVESTMENT IN YOUR FAMILY

SNAPSPORTS®
ATHLETIC SURFACES

“I coach my 9-year old son’s basketball team and we often have practice in our backyard on my dream court. Our entire family enjoys the convenience of walking out the back door a few steps and onto the court.”

~ D. Grano, New York

INDOORS OR OUT, SNAPSPORTS® IS THE ATHLETIC SURFACE FOR YOUR HOME

SnapSports Exclusive!

SHOCKTOWER®

Patented **ReactivePlay®** technology gives an added level of *"cush"* to reduce impact on joints and limbs, letting you play longer today and for years to come.

Patented technology provides polished and professional look without paint or decals. An easy to clean surface, resistant to petroleum products and most chemicals. Available in transparent, light maple, and dark maple.

The ShockLock system lets individual modules slide, but keeps the entire sport surface fully interlocked. This built-in *"give"* eases player joint impact and creates a safer athletic surface.

Full Suspension System

Understructure performs as a high impact shock absorber that reduces fatigue and injury to athletes. Each square foot weighs in at over one pound, stands 3/4" tall and contains nearly 1200 shock absorbing support towers.

PowerLock®

Engineered to handle heavy loads, the 16 – 36 patented PowerLocks per module become part of the superstructure when engaged. Multi-patented Step-N-Snap design makes for no tools, no glues, and no toxic fumes.

Triple Traction Tread®

Play when you want not when Mother Nature decides to cooperate. Three levels of traction provide great grip for your game.
